

Quality Policy

Approved: President

Page | 1

Lynchburg Machining, LLC is committed to continually delivering quality products, on time, at a competitive price to our customers. The Company subscribes to a Quality Process which demonstrates excellence in all areas of business. Our staff will work as a team to provide highly reliable products, while identifying and fulfilling our customer's diverse requirements for their use. Lynchburg Machining is dedicated to evaluating and continually improving our Quality Management System in order to better serve our customers.

A company-wide quality assurance system is in operation which is designed to comply with the requirements of ISO 9001.

Jason Rice, President
